

Printed Tent Linings & Pattern Catalogue 2025

FREEFORM[®]

STRETCH TENT MANUFACTURERS

Unlock new revenue from the tents you already own!

This bold new offering is a game-changer – featuring designs that let you **switch up looks between events, offer standout brand activations, co-ordinate with themed décor, or refresh tired tent stock** with a new look.

With **over 50 designs** to choose from, our collection offers something for every style and setting. From neutrals and geometrics to botanicals, graphics, and prints – each pattern is designed to transform your tent into a striking space. Use them to create atmosphere, complement event décor, or bring branded activations to life.

All linings are **easy to apply**, can be fitted **topside or underside**, and are manufactured from **lightweight, IFR-certified stretch fabric** tested for safe global event use.

PATTERN. PRINT. PROFIT.

Change the mood. Elevate the moment. Brand the experience.

Unlock Beverage **Brand Sponsorship**

Upsell all-weather tent cover to restaurants, pubs, hotels, and beer gardens – and get your customer's top-selling beverage brand to pay for both tent and lining. Everyone wins: high visibility for the brand, the best cover solution for the venue, and a seasonal contract to manage and maintain the tent for the rental company.

Theme Weddings and Events

Switch linings to suit the event without expanding your core stock. From bold geometrics to lush botanicals, holding a range of linings gives customers more reasons to hire from you – and ensures your tents always stand out.

Revitalise Tired Tents

Give older tents a new lease on life. Linings protect new tents and hide superficial wear on older ones, extending ROI and keeping your rental fleet looking sharp. Each lining is patterned to retrofit Freeform® modular tents perfectly.

Attract **Top-paying Brand Customers**

Printed linings turn tents into billboards and brand worlds. This concept is your entry into top-budget markets. Apply topside for high-visibility impact or underside for a fully immersive branded space. When campaigns change, simply refresh the lining.

FREEFORM®

Easy to apply

Linings fit quickly over or under your tent, with installation guidance and training manuals provided.

Perfect fit

Patterned to match your existing Freeform® modular tent stock, with custom sizes and shapes available on request.

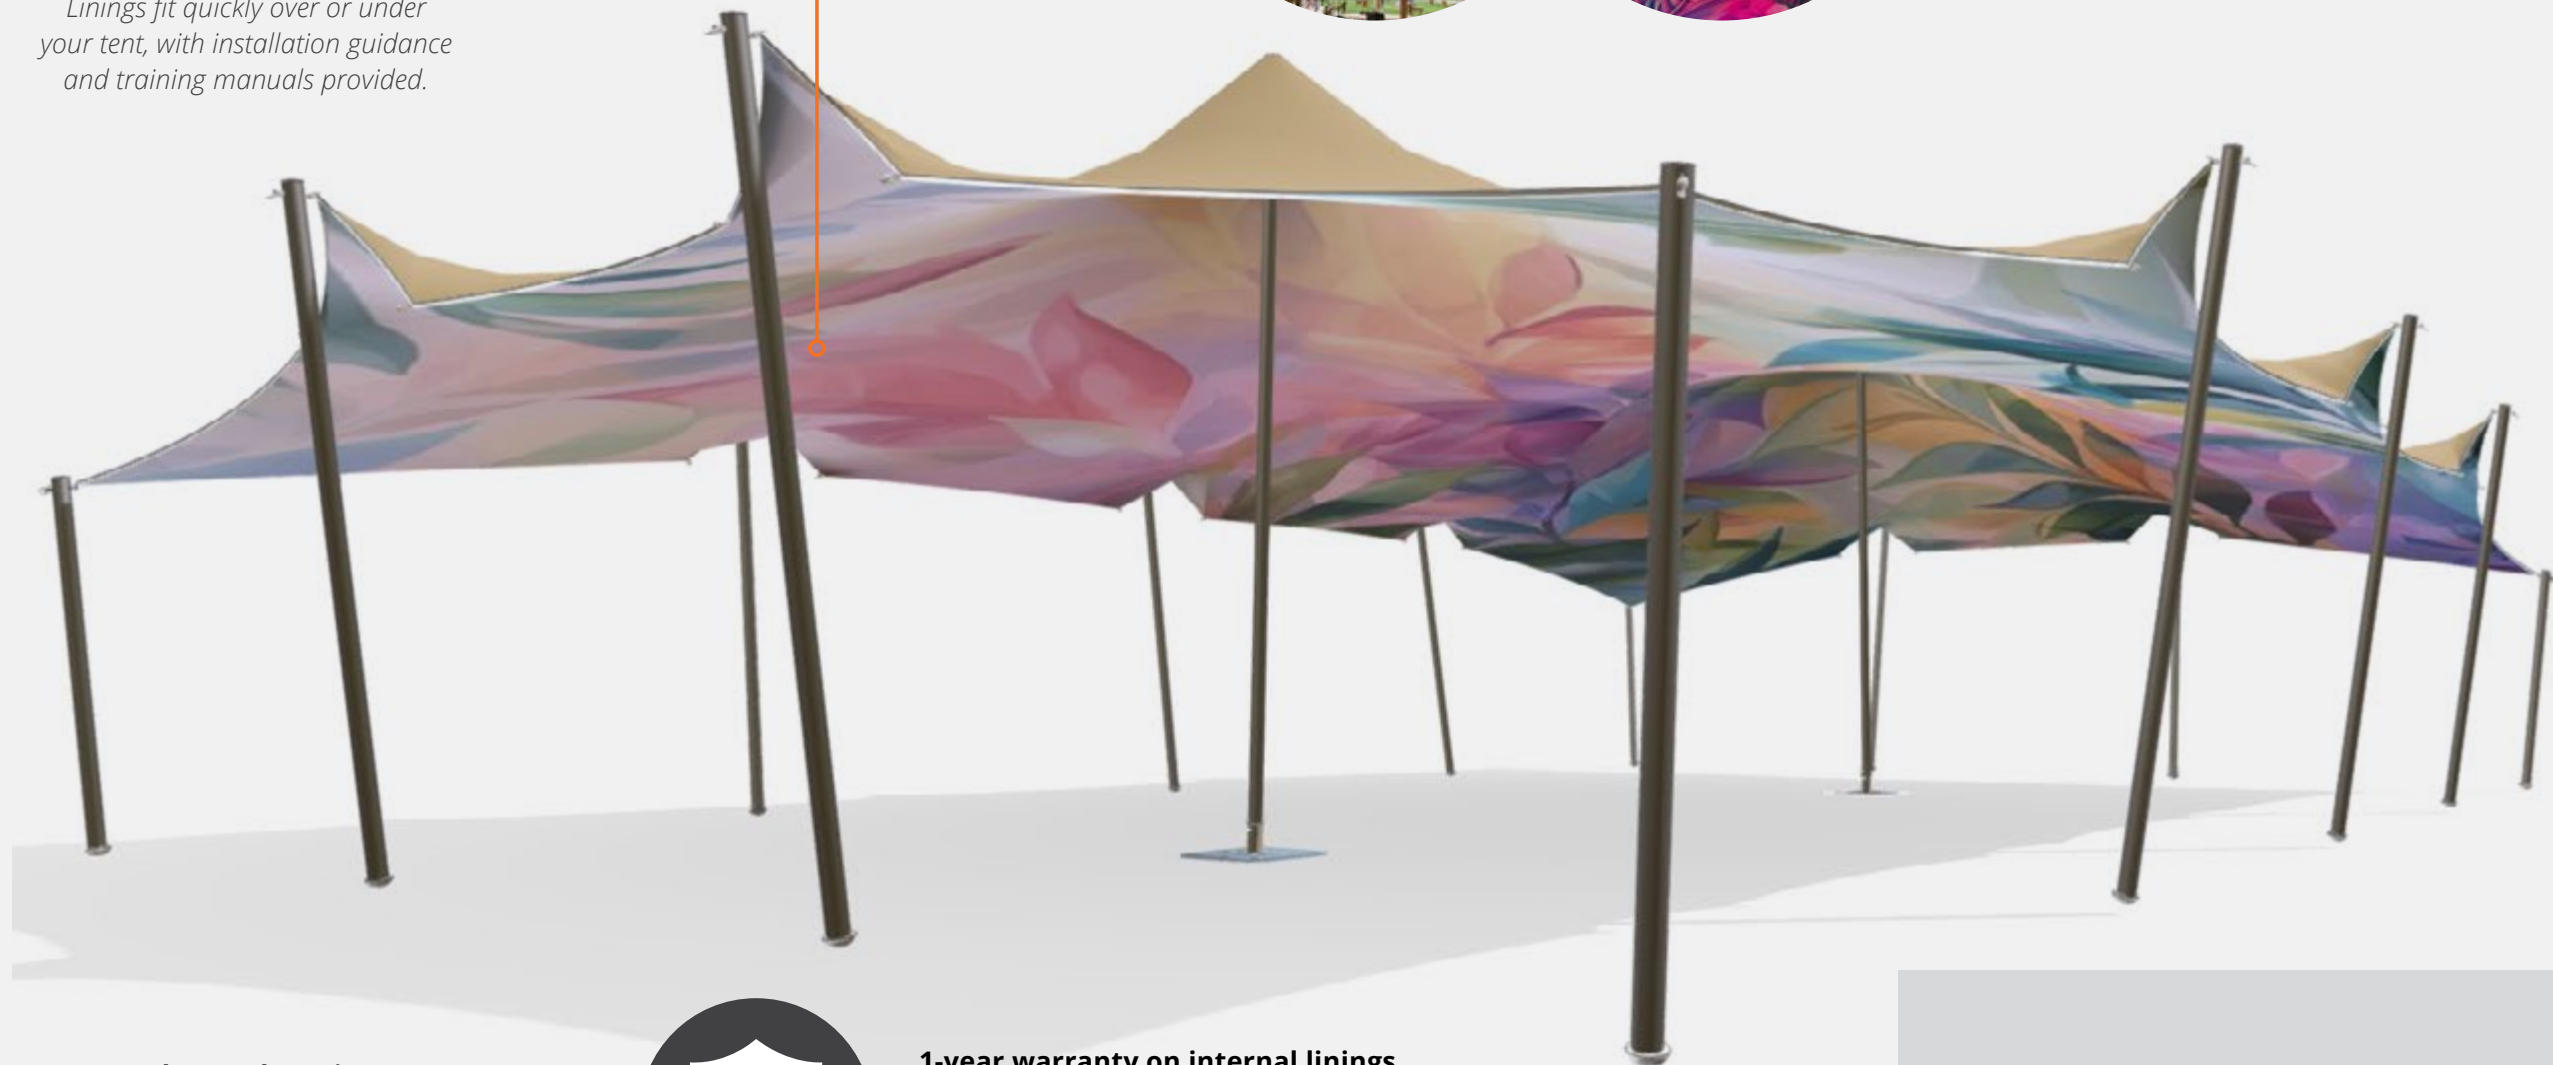

Over 50 catalogue designs

Choose from our collection or specify a custom pattern or branded option.

IFR-certified fabric

Lightweight, fire-retardant stretch material for safe global event use (certifications available on request).

End-to-end service

Freeform® manages artwork, production, and delivery.

1-year warranty on internal linings

Covers fabric, print, and stitching when installed as directed (external use excluded due to UV fade; not suitable for permanent outdoor use).

4-6 week lead time

From artwork approval, with faster turnaround available on request.

*Transform any tent into
a showpiece with over 50
stunning patterns – or a
custom design of your own.*

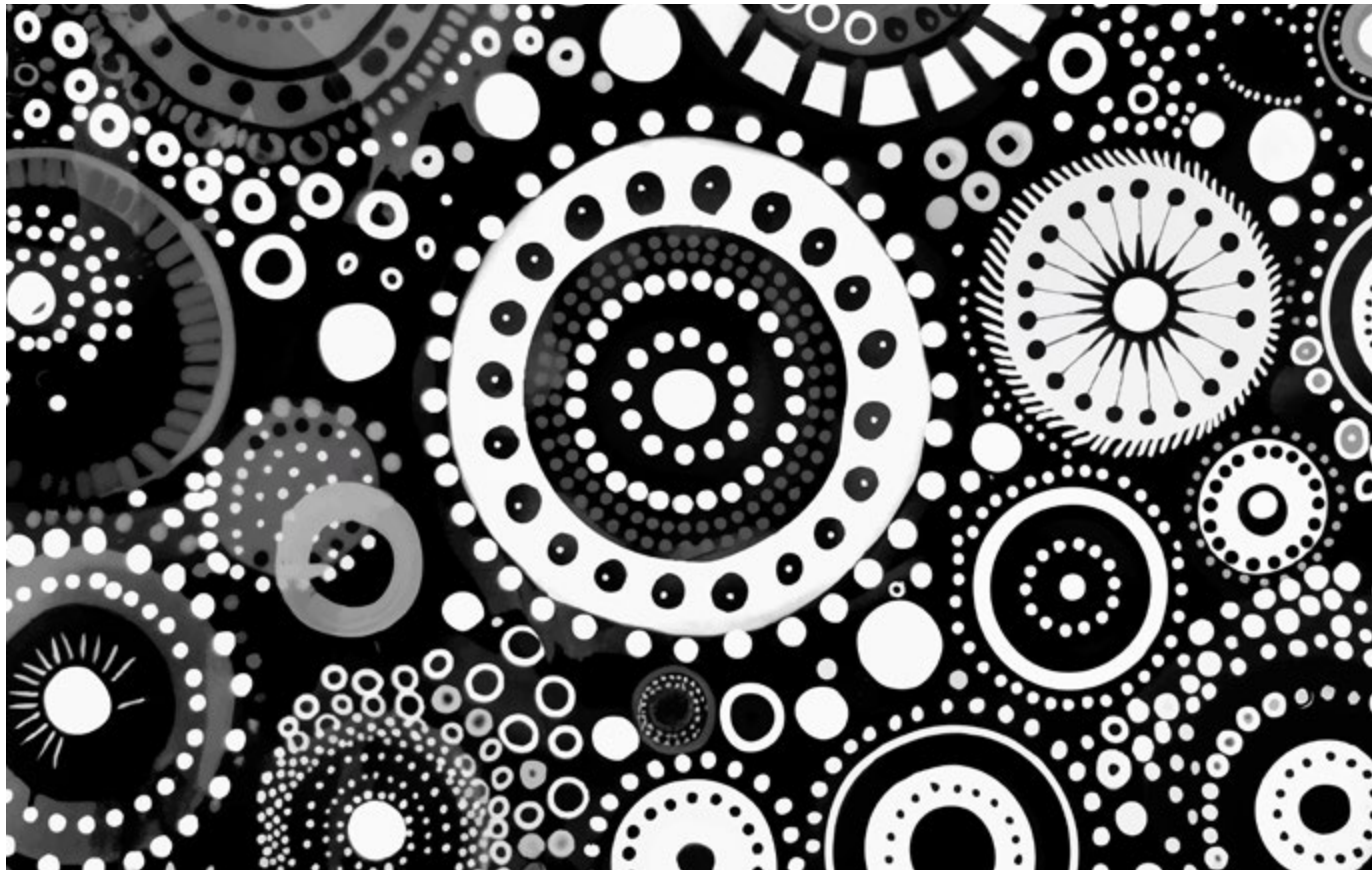

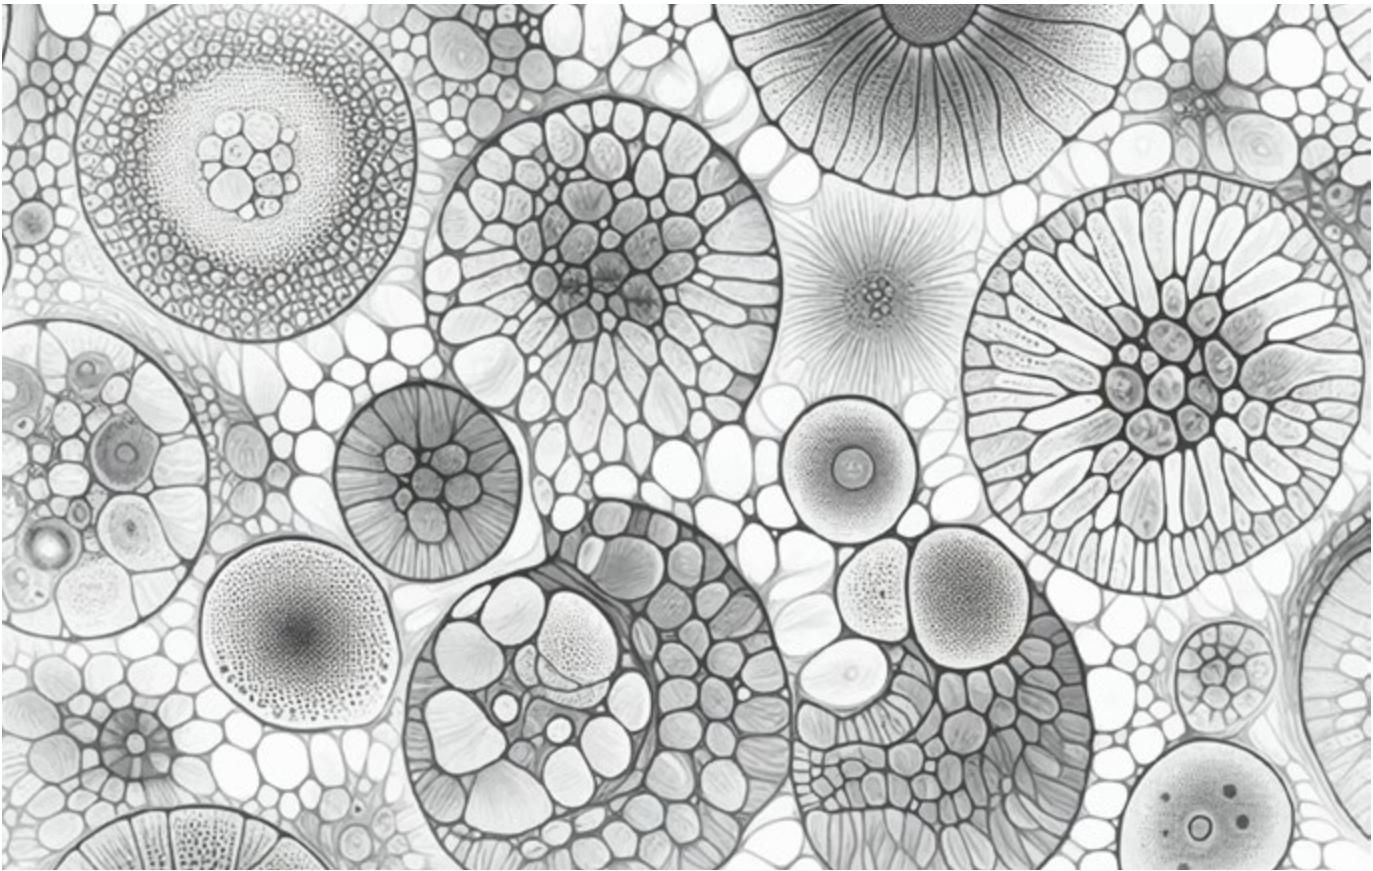

Explore the Pattern Catalogue

Choose from 50 ready-to-print designs (pre-patterned to our tent sizes), or opt for custom artwork, and branded graphics tailored to your event.

If you don't find what you're looking for here, you're welcome to source your own pattern from www.patternbank.com or any other vector artwork resource. We'll apply your chosen design to your tent lining.
